ABOUT ME

Motivated IT graduate with hands-on experience in system analysis and technical support. Proficient in Python, C++, SQL, and web technologies, with a foundational understanding of data analysis and IT infrastructure. Completed an internship at Jet Stream Solutions, contributing to system optimization and documentation. Quick to learn new tools and adapt to collaborative environments, seeking to contribute to a dynamic technology team.

EDUCATION

Parle Tilak Vidyalyaya Association, Sathaye College

Bachelor of Science in Information Technology, Mumbai University | 2022 – 2025, CGPA: 5.25

R.D. National College, Bandra

Higher Secondary Education (Science Stream), Maharashtra Board | 2019 – 2021,

Grade: A | Score: 77.23%

EXPERIENCE

System Analyst Intern Jet Stream Solutions | Jun 2022 – Oct 2023

- Identified system inefficiencies and collaborated with developers to implement solutions, reducing downtime by 15%.
- Conducted feasibility studies and cost-benefit analyses for proposed IT improvements.
- Designed system architecture enhancements and maintained technical documentation.
- Supported end-user training and created instructional materials for system usage.

PROJECTS

Blood Bank Management System

A web-based application built in the final year of the college developed using HTML, CSS, JavaScript, Bootstrap, PHP, and MySQL.

- Enables blood donors and recipients to register and request blood online.
- Admin panel allows for data management and system updates.

[Facebook Style Portfolio website](#)

Designed and developed a Facebook-style portfolio website to showcase academic achievements, technical skills, and real-world projects. Built using HTML, CSS, JavaScript.

[Zepto Data Analytics Project using SQL](#) | [OLA Data Analytics project using SQL](#)

This is a complete, real-world data analyst portfolio project based on an e-commerce inventory dataset scraped from Zepto and OLA
