## EDUCATION

**Parle Tilak Vidyalaya Association, Sathaye College, Mumbai**
Bachelor of Science in Information Technology, Mumbai University | 2022 – 2025, CGPA: 5.25

**R.D. National College, Bandra, Mumbai**
Higher Secondary Education (Science Stream), Maharashtra Board | 2019 – 2021, Grade: A | Score: 77.23%

## EXPERIENCE

**Developer, GSC Intime Services Private Limited | Jan 2026**
- Built Tools and programs using python to decrease time consumptions of charted accountants.
- Built a full stack project for Office Management
- Developed macros for excel to reduce time for long and large dataset

**System Analyst Intern, Jet Stream Solutions | Jun 2022 – Oct 2023**
- Identified system inefficiencies and communicated with developers to implement solutions and developed communication skills.
- Facilitate communication between stakeholders.

## PROJECTS

**Office Management Portal**
- A single-page application (SPA) for internal office management — tasks, calendar events, leave requests, notifications, and team dashboards
- backed by a Node.js/Express REST API with a MySQL database

**GST Reconciliation tool | E-Invoice Reconciliation Tool**
- A portable desktop application for automated GST (Goods and Services Tax) and reconcile E-Invoice records reconciliation and data processing. This tool helps businesses efficiently match, validate, and reconcile GST and E-invoice transactions across multiple document types.

**PDF Redact and Merge Tool**
- A powerful, browser-based tool for redacting sensitive information from PDF documents and merging multiple PDFs. Runs entirely client-side with no server uploads or data transmission.

**Facebook Style Portfolio website | BookmyDoc - Doctor's Appointment**
- Designed and developed a facebook-style portfolio website to showcase academic skills, and real-world projects. Built using HTML, CSS.
- Designed and developed a simple, responsive and user-friendly web-based system to manage doctor appointments online. Built using javascript and css

**Zepto Data Analytics Project using SQL | OLA Data Analytics project using SQL**
- This is a complete, real-world data analyst portfolio project based on an e-commerce inventory dataset scraped from Zepto and OLA showcasing SQL skills by cleaning complex data into simplified and understandable data.
- Implementing real world business queries to the data and solving them.

## POSITIONS OF RESPONSIBILITY AND ACHIEVEMENTS

**Captain of College Powerlifting team 2024-25**
- As captain of the college powerlifting team, I led the team from district level to the state-level inter-collegiate championship.
- Placed 2 at inter-collegiate powerlifting games held at Ramniranjan Jhunjhunwala college

**State Powerlifter medalist 2024**

- Placed 2 at state powerlifting championship organized by Maharashtra powerlifting association
